SUMMARY & RECOMMENDATION

Texas GLO CDBG-DR 2015 Floods and Storms (DR-4223 and DR-4245) Allocation of \$325,775.30

The GLO-CDR has allocated \$325,775.30 to the City of La Porte through Harris County's initial MOD and MOD Amendments No. 1 and 2 from the 2015 Floods CDBG-DR funds. To access the funding allocated to the City of La Porte, GLO requires submission of a Non-Housing Project Application detailing the City's proposed non-housing projects to repair or mitigate damage that occurred during the Presidentially declared Federal Emergency Management Agency (FEMA) 4223-DR-TX (2015 Memorial Day) and FEMA 4245-DR-TX (2015 Halloween) disasters.

Additionally, to qualify an application activity under the CDBG-DR requirements, the project must principally benefit those of low and moderate income areas, and consist of projects that fail to function during the declaration period.

Staff submitted the application to the GLO on August 27, 2018 for drainage improvements in the Northside Neighborhood within the Little Cedar Bayou (F216) Watershed. On September 20, 2018, the GLO delivered comments to Staff and requested additional information, with a follow-up submittal deadline date of September 27, 2018.
