STEAR Individual Registration Form

Not for use by assisted living facilities or nursing homes

One (1) form should be completed for each registrant

Please understand that the Emergency Assistance Registry assists emergency officials in planning for emergency events. Having your information helps to determine what kinds of services might be required during a disaster, and helps responders plan and train more effectively. Communities use the information in different ways, so realize that having your information in the registry DOES NOT guarantee that you will receive a specific service during an emergency. Registration is not a substitute for developing and maintaining your own family disaster plan.

We would like to gather some basic information from you. Sharing this information is completely optional. To be registered, some basic information is required. You may choose to answer all or only some of the optional questions. *If filling out a paper form, please write the registrant's name in the designated space at the bottom of every page of the form.*
