

CLEARING AND GRUBBING

1.0 GENERAL

1.1 SCOPE

Clearing and grubbing consists of removal and disposal of trees, stumps, brush, roots, vegetation, logs, rubbish, and other objectionable matter within street right-of-ways, drainage easements, or other designated areas.

3.3 PAYMENT

Clearing and grubbing will be paid for at the contract (unit price) (lump sum price) bid.

2.0 PRODUCTS

The Contractor may use equipment and materials necessary to properly complete clearing and grubbing. Obtain approval for equipment and materials before beginning clearing and grubbing.

3.0 EXECUTION

3.1 CLEARING

Remove stumps, roots, rubbish, or other objectionable matter from the designated areas. Trees within 10 feet of drainage easements and within back slopes for interceptor ditches may be removed where required for construction operations.

3.2 GRUBBING

Remove stumps and roots within pavement section to depth of two-feet (2') below finish subgrade elevation. For areas outside pavement section, remove stumps and roots to depth of two-feet (2') below finished surface of required cross-section.

3.3 PRESERVATION

Protect trees left within street right-of-ways and designated for preservation. Take special care not to damage trees designated for preservation which are outside limits of clearing and grubbing.

3.4 REMOVING MATERIAL

 Unless otherwise specified, all cleared and grubbed material becomes property of the Contractor to be removed from the work site or disposed of in a manner not to damage the Owner.

 Burning of cleared and grubbed material on the Owner's property is permitted provided the Contractor complies with all state, federal, and local laws. Ashes shall be the property of the Contractor to be hauled off and disposed of in a legal manner.
