

City of La Porte Shelter in Place Guide

Public Notice:

Citizens and visitors are alerted to "shelter in place" (go inside and follow instructions below) by the Outdoor Siren Warning System which sounds a "whoop-whoop" tone. For emergencies, you may call the local information CAER line at 281-476-2237 for more information.

Shelter-In-Place is the use of a structure (the hotel and your individual room) and its indoor atmosphere to temporarily separate people from a potentially hazardous outdoor atmosphere.

- When you hear the "whoop-whoop" tone, go inside to "shelter in place."
- Close all doors and windows.
- Turn off air-conditioner/heater.
- Monitor the City of La Porte's website, www.laportetx.gov, and social media sites: [facebook.com/lpoem](https://www.facebook.com/lpoem), @lpoem.
- Turn on TV to local news stations.
- Stay off your room phone in case public officials activate the automated telephone system to provide specific instructions. **Note:** Private cell phones will not receive automated call unless registered with the City's system.
- Stay inside until an "all clear" is issued. An "all clear" is communicated in multiple ways; through a tone sounded over the outdoor sirens (sounds like an air horn), through broadcasts over radio and TV stations, on the City's website, and the automated telephone system.

Special Note: Sirens are tested every Saturday at Noon

For more information go to: www.laportelepc.org or www.lpoem.org

This information is provided by the City of La Porte Office of Emergency Management and the La Porte Local Emergency Planning Committee. This bulletin is required to be displayed at all times pursuant to City of La Porte Code of Ordinances §34-65".
